Subject: Comfort letter

Ms. Feliciano, I am in receipt of your fax (11/30/00) where, besides the correspondence regarding the proposed listing, you want to explore the possibility of getting a comfort letter from EPA.

As I told you I would, I referred your petition to my management for their consideration.

If we agree to your request, we would be issuing such letter by the end of next week. Should that not be the case, we will contact you anyway to discuss the reasons for a denial.

Please contact me if you need further assistance.

Sincerely,

Grisell V. Díaz-Cotto
